

Policy Statement RE: Continuing Education Hours:

“A provisional licensed professional counselor shall renew his/her provisional license every two years by submitting 20 clock hours of continuing education. The PLPC’s renewal period begins August 1st and ends October 31st. If a PLPC applies for LPC licensure during a renewal period he/she must be a person in "Good Standing" with his/her license. Good standing is regarded as having complied with all his/her explicit obligations as a PLPC in chapter 6 section 609 in preparation for renewal of licensure, while not being subject to any form of sanction, suspension or disciplinary censure. Therefore, it is the position of the LPCBE to request CEHs if the applicant is applying for LPC Licensure during a provisional renewal period.”
