- Contact Jamie about tracking demographic information regarding numbers of Part 1, 2, 3 applicants including name of university, and where they are living and will practice at time of application. (As of January 2015.) Penny has asked Jamie to begin that project. **Jamie will work on this for our September 2018 meeting. (Tabled until November 2018)**
- **MFTAC will create a plan of action around increasing the number of Supervisors in areas where there are few LMFT Supervisors.**
David Spruill has a goal to recruit 20 new supervisors during this year. He also hopes to do regional and multistate recruiting.

MFT RULES WORK GROUP

CHAIR: K Steele

1. Final changes edits were made to Rules and submitted to Jamie.

2. Penny asked Jamie to post a rule reminder and explanation to remind LMFTs and LMFT Supervisors about the LMFT Orientation and Refresher courses will count for LMFT Renewal and LMFT Supervisor Renewal. **Ron** will continue to work on this, discussing with Jamie location of information on the LPC Board website.
3. Update on **Ron's** research into the numbers of LMFTs/PLMFTs and dual licensees in the state to understand how and if there is a benefit to the option of a joint application for LMFTs and LPCs. Will a surveymonkey be sent out? Ron is working with the Finance department at La. Tech to understand the cost efficiency and will give more information March meeting.

LEGISLATIVE WORK GROUP

CHAIR: R. Cathey, K. Tyner

1. Report by David Spruill, President of LAMFT. As of January 1, 2019, LAMFT is a Geographic Interest Network (GIN). AAMFT will manage conferences, legislative support, and other financial matters that have been difficult for state divisions to manage. AAMFT has identified both Foundational Legislative Goals and Secondary Legislative Goals. AAMFT would step in to assist and support the GIN with foundational goals. LAMFT will continue to use Eric Sunstrum as lobbyist. Family TEAMS. Part of the AAMFT restructuring. LAMFT has a liaison between the TEAM and the GIN. LAMFT board has changed. Smaller board now. President, Past President, Secretary, Treasurer, and Liaison. Dave mentions that he is looking for more committee work to keep board members from being overwhelmed. 2019 State conference theme: "Looking Back, Moving Forward". Looking at different tracks and a different format. Dave suggests that he is hopeful that the 2019 conference will happen before school lets out for the summer. There will be a conference. LAMFT after dark party that would start at 10:00 p.m. so that people can socialize and connect. Also looking at a pre-conference option as well. Ron suggests that people are interested in certifications that they might be able to get while at the conference. Kathy suggests the importance of having EBTs for having an edge in the job market. Dave asked that the refresher course be offered by the board again at the next conference. Increasing the number of supervisor. Dave asking collaboration in order to address this. Increasing membership. We have done a poor job of marketing up to this point. Finding someone more savvy in this area. Dave suggests put together a consortium with the goal of putting a certificate program for licensure with the intent of increasing licensure numbers. Asking MFTAC to be involved.

PROPOSED POLICIES & PROCEDURES

1. Clarify credit for LMFT Renewal & Supervisor Orientation & Refresher Courses. - R. Cathey

PUBLIC OR NON COMMITTEE BOARD MEMBER COMMENT

Clarification of the process of the selection of MFTAC board replacement. We may want to look at selection process of LCA, which has recently been updated.

Mark Reynaud asked about training in core competencies. Discussed training supervisors to evaluate core competencies. This has been an ongoing discussion among the MFTAC.

Kathy asks Mark to look into the core competencies. What would be some key points to include. Also discussed giving the supervisee the ability to evaluate the supervisor related to some of the core competencies. Core competencies could be broken down so that they could be focused on at different points in the supervision process.

Mark asking about whether or not board members getting CEHs for attending board meetings. He suggests that CEUs could be offered to provisionally licensed individuals for attending board meetings. If there is an incentive, individuals may come. This would have to come as a rule change.
