<p><b>Licensure &amp; Supervision</b></p> <p>C. Guillotte (not present)</p>	<p>See attached report in <a href="#">Google Drive</a>.</p>	<p><b>Licensure and Supervision:</b> no report at this time</p> <p>Discussed efforts that the MFTAC can make to ensure increases in licensure. Revisited the idea of providing potential licensees with the option to follow a combined LPC/LMFT track toward licensure as opposed to having to concurrently follow two separate tracks. Maybe set dual licensure renewal at a time that does not conflict with the other renewal times.</p> <p>Also discussed efforts to increase the number of LMFT board approved supervisors. Discussed the idea of also providing a single track for LMFT/LPC dual supervisor credential.</p> <p>Roy suggests ensuring that we seek out information on those Louisiana universities that have graduates who would qualify for LMFT licensure despite the university not having COAMFTE accreditation (but do have a COAMFTE equivalent). Possibly reaching out to these programs.</p>
